

## CS Notes

Next Week!!!!!!!!!!!!!! Continue to fine tune your notes and Rhythms. Work on a unified bowing within the sections; everyone in the same part of the bow at the same time. Look to your section leaders for this. Also, many of you are still stuck in the opposite part of the bow. Time to “man up” and get with it☺

You should be getting new music (seating audition) next week. In the next concert cycle, we will be playing: Aladdin Medley, Revelation and all of Palladio (I hope). Thank you for being patient with this “long” concert cycle. Normally, we would have gotten new music by Dec., but because of the Anniversary Concert, we are perfecting this music even more. Thanks you for your hard work and I know if you guys “watch” we will have a wonderful concert.

BJ
